Now that you mention it, I'm hungry
Shall we return for ramen... Arashi-kin?

This commission came to me two days before...
Hey hey Sey Ichijou-kun
You work for the Oumaga Police right?
Um, am I correct?
you're from the class next door?
1-A
Well that is kind of the case.
Help me
Could you please do me a favor and search for my pet?
Ichijou-kun!
It was soo cute, I just had to buy it!
It was being sold at a pet shop
Yes!
A pet Youma?
I wonder if this is from a legal route?
10

Flap
He got bigger and grew wings and flew away
That's because.
There's an effective nose
If you have something that remains that will let me know the smell, I can search for it
Flap
...why did it run away?
I'm scared because even if Maru-chan looks like that he's still a kid~~
Pet's name
.. That suprised me

Burp!
Are you going to be stingy?
You're paying for yourself -when we come here we are supposed to be more secretive
Oh, boy!
Eeh
-you're still eating?
Spicy food, I'm still not full so another bowl!
Keh ... I didn't know you could keep Youma
The human eating one they say
Aah
Aah there's nothing going on
Criminals are allowed to go places to eat too right?
Talk a little softer
Why haven't I been able to devour everything right still after all these ten years
Such a horrible thing
Such a demon like thing
Chatter
Chatter
Chatter
Youma became feared
Arashi-kun
rampaged through Japan before

My control still needs some work
The big capture finally ended in arrest ..."a life sentence"
Shake
That measure was performed by "voulutary social service"
the ramen remedy
It's hard to see him as the one from all those years ago though
The sealing device
the size hasn't been fixed
It's still a little big
Nii-san..
.....

That's not it at all!
Tha
you're fasincated by your prized item huh
That's how it is
hmph
Anyways
We better hurry and find that pet Maru-chan right
desert
It seems like it's family to her, I'm sure that girl is worried
Well, I'll take it into consideration for a happy event

Before the store gave free of charge tickets for gyouza
We should still go
Oumaga Police Headquarters
wouldn't that be a violation of the rules
We should use this free of charge ticket to get something cool!
That's right!
Officer Ichijou!
Twitch
Wah!
It's the matter of one of Sora's classmate's pet
Ah Kirishima-senpai
What are you hiding
There's a [illegible]
Ooh Sora
I see you're as small as ever
I've become in charge of this section

Some time ago . I got a communication from the owner
eh
for a "dangerous Youma"
He means to say that we've been transferred to the Investigation Division
Gasp
Since her pet became big it's become a bother
-punishment is also inevitable
Mana-Shock
It's also a dangerous mission.
Like that ?!
but still . the pet is a Youma
Excuse mee
We it's true ♡
After all what are Youma besides monsters
Mashi-kun
I don't know what kind of dream you are seeing but...

Clench
...yes
...you too
will have to hand in the sealing device
You should stop thinking about with that strange fondness
Down
hearted.
how did that chibi pull it off?
He's got a superior head but
I hear he's the youngest one who's specially employed
it's him
hey
isn't that cannibalistic Youma?
Stroll
Stroll

It seems like he rejects all Youma
Ah?
About that "monster"
I'm sorry
Akashi-kun
That is partner
you reject all of them as nothing more than annoying
That's what I thought you'd say
Ehh
Stop it
hives
then what
do you think of me?
That's the way I think
What's wrong with that!

and
Is the work for today finished?
Is my only greet?
I'll ignore that
Arashi-kun
Do you still remember Maru-chan's smell?
Hah?
Well yeah.
say
hey you're kidding
you bastard
not above depending on others
Sniff
Sniff
Huff
Get some manners!!

They say it's too early for us to take a task this "dangerous"
but if we do it skillfully we should be able to capture it
It's not a company
Just be a good boy Sora, I'll ignore the order and the company
Let's split
COFFEE
That voice is just what I was thinking of now
Sniff
Sniff

Aah-
There it is!!
Pukyu?
Head drop
but
How are we going to capture it in such a difficult place
Climb up?
Yeah Maybe I can reach up from that place to capture him
But he can fly

Then I'll capture it
Take the seal off
Ah
Ahahh...hm
If it's necessary for the mission then isn't it obvious that it's ok?
but
Tha-that is.
I can't do that yet
"It's because you can't
trust a monster"?

I command you to divide your "power"
temporarily enter this body
Sparkle
The past days are gone
Because right now, he's my partner
Seal Begone!!
That's not
Gasp
You said I was your partner

Ni-san!
I'm home
Are you starting work now?
Hey Nii-san
I wonder
Now didn't they say you'll be put together with a Youma that's really strong

Well, he's a rather difficult guy but
I trust him
If you're together you won't be scared?
Nii

he wanted to meet with his owner once more-
Follow me properly!
Youma World Gate

I wonder where you won't be naive...

Nii-san
Will they suprise us and make a good combination..
I am going to continue on doing my best
If you want to thank me then feed me a little
Now that you mention it, I'm hungry
